Suggestion to the Juror and Coordinator:

Some of the exhibits can be quite large. If an artist has more than one artwork on display, (only one award can be given per artist), determine which piece you will rate and fill the form out for that piece. You may choose to complete the form for the artworks that will be sent onto State, but please discuss this with the Coordinator to determine how you wish to use this form. If possible, spread the awards among the schools represented.

Each Coordinator may also have honorable mention awards for the regional exhibit. Please check with Coordinator.

IMPORTANT: It is important to make sure that each school is recognized in some way. Suggestion is to give a “Best of School” award so that each school receives something. Our desire is to encourage not discourage.
