

## AWA Image Requirements

### Taking photos

You can take photos with your digital camera or your cell phone. Please make sure you are not taking photos in the dark room or in the sun. It is better to use day light. You can put your artwork in front of the window and use the day light when you are taking photos. All 3D art works need to be on white background.

HIGH QUALITY image

LOW QUALITY image

Make sure it is in focus and it is high quality.
